ACADEMIC EXPERIENCE

Students will study the history of economic thought while examining how ideas about markets, government, industry, and human flourishing developed over time.

Through site visits, discussions, guided tours, and cultural experiences, you'll connect classroom learning with real-world places, people, and events.

FEATURED FACULTY

Dr. Tracy Stobbe School of Business

An experienced economics professor and leader of Travel Studies, Dr. Stobbe specializes in economic theory and the history of economics. Britain is her favourite travel destination, and this trip reflects her passion for bringing economic ideas to life through place-based learning.

Additional faculty may accompany the trip depending on enrollment and courses offered.
