- Photocopier, scanner and fax machine available for a fee
- Laundry facilities (no charge), including irons and ironing board

For specific inquiries, contact the Community Life Coordinator Daniele Neve: Daniele.Neve@twu.ca

What not to bring...

Please pack carefully. Only modest space is available for personal items since you will share your space with roommates. There is limited storage for extra boxes and luggage. Closet and dresser space in your room is adequate but limited. Please be considerate of your roommates by packing only the essentials.

You will not need to bring kitchen or cooking items as the kitchen has all the appliances and dishes necessary.

There is no need to bring everything you would normally take with you to your dorm for the whole school year. You will be at the LLC for only three months. Keep in mind that there is a DVD/VCR and TV in the student lounge and that there is no desk space in dorm rooms for desktop computers or printers.

You will not need a car since the LLC is located downtown Ottawa with convenient access to the transit system and has excellent walking and bike paths throughout the city. **There is limited student parking available in the Fall semester and NO student parking available in the Spring semester.** Please contact the Community Life Coordinator in advance if you want to make arrangements for parking.
