

VISITOR HEALTH & SAFETY EXPECTATIONS

At TWU our top concern is the health and safety of our students and our community. To ensure a safe campus we ask that all staff, faculty, commuting students, family and other guests abide by these expectations while visiting one of our campuses or spaces.

We continue to follow guidelines laid out by the BC Provincial Health Office & WorkSafeBC employer recommendations.

BEFORE COMING

Complete Symptom Self-Assessment

We recommend you use <https://bc.thrive.health/> on a daily basis.

Stay Home When Sick

Follow the self-isolation guidelines from the BC Center for Disease Control (BCCDC) [here](#).

Get Vaccinated

TWU encourages vaccines as an important tool in preventing the transmission of communicable diseases.

Bring a Non-Medical Face Mask

Everyone is expected to follow the mask guidelines as posted at each of our sites.

WHILE ON CAMPUS

Clean Your Hands Often

To reduce germs, please wash or sanitize your hands on a regular basis.

Observe Space Guidelines

Please follow posted capacity and/or other user directions in any of our shared spaces.

Monitor Yourself for Symptoms

If you develop symptoms of illness while at one of our TWU sites, we ask you to wear a mask and leave as soon as possible. You should complete a self-assessment and access a health care provider or service as indicated.
